## *Announcements*

### *Highland-Riverside – Pocatello – August 6-7*

Play two different courses in the same weekend tournament. Both are very challenging tracks; good for your handicap going into the State Championship!!

### *State Championship – Burley – August 13-14*

This will be a special event as always on the ICGA Calendar. Special tee prizes that you don't want to miss, so sign up and be there to make this our biggest tournament of the year!! The ICGA will also be hosting a continental breakfast on Sunday morning before we start play, to help get the day started at the golf course. Shotgun both days at 9:30 AM. There will also be unique trophies for the rock solid teams that win each flight.

### *Canyon Springs – August 20-21*

The staff at Canyon Springs really put on a great weekend. Lots of side games that are fun. Don't miss this one!

## *E-mail addresses*

If you are getting this in the mail, and would rather get this via e-mail, send us an e-mail at [ruhterpaul@aol.com](mailto:ruhterpaul@aol.com) and we will update the ICGA files. This saves the ICGA postage and you get the newsletters earlier. The Spring Newsletter will always be mailed; just the monthly newsletters are being sent to the e-mail addresses that we have.

## *Tournament Results*

### *Chimney Rock Golf Course*

**Wow! Chimney Rock had the best greens we have puttied on this year! 21 couples played in the tournament; the rest of you missed a great weekend. The weather was**

very nice, not too hot, not too windy, just right!! Don McDonald, the new manager, put on a great dinner; Don Hall ran a pretty tight tournament. We had deuce pots, a skins game AND a Calcutta following a dinner that was fantastic. Put this tournament on your schedule for next year. They are already planning for us. Now the results!

*Logan River Results*

The Logan River golf course was undergoing major club house renovations, but the golf course was in very good shape. Some of the cart paths were under water, but we could see that the water was receding even as we played the new back nine twice each day (previously it was the front nine). There were 32 couples that took advantage of no green fees. We got to see Canadian Geese (more than we really needed to see!), ducks with little families, white-faced ibis (which are all black!!), rock chucks aplenty, trout in the ponds, and even an occasional pheasant. Great weekend!!
