

MEMBER GUEST TOURNAMENT June 18 - 19

The Couples held the Inaugural "Member Guest Tournament" at the Burley Golf Course on June 18th and 19th. We had 76 people (19) teams playing a different but Chapman type format. Since the guests did not have a Chapman Handicap the guests handicaps were averaged. The scores turned out to be very competitive. Paul & Shirley came up with this idea and they also arranged for several prizes and a bunch of drawings. The guests all got a tee prize and on the course players competed for closest drive to the line, closest to the pin and longest put each day. Bill and Norma Morrison put together a really good Dutch Oven Dinner on Saturday evening. The meal included Dutch Oven Peach Cobbler and it looked like quite a few people had seconds.

Several of the couples guests joined our organization so they certainly had a good time. The Board will evaluate the results of this tournament to see if we want to do it again or change it up a bit to add it to our regular format in some way.

Next up is the tournament in Preston June 25th & 26th, followed by Wells Nevada and the Logan River Golf Course in Logan, Utah.
